Our Philosophy

Photographs bridge generations. They capture the present, helping us cherish every smile, every hug, and every milestone. We take photos to celebrate life, to tell our stories and remember all the beautiful moments we've been blessed with.

I'm passionate about capturing the genuine essence of families—the candid, authentic, unscripted moments filled with big, joyful smiles, contagious giggles, and your bond.

It's a simple thing this day and age, to take a photo. We just pull out our phones and snap a pic whenever we think something is pretty or worth sharing. But in such a fast world, to get together and dedicate an hour to capturing your family just being together and come away with beautiful photographs is something special.

How It Works

01 LET'S HAVE A CHAT

We can have a chat over the phone or simply through email and discuss any ideas you have in mind. Ask me all your questions and check date availability.

02 LOCK IN YOUR DATE

Once the contract is signed and the deposit is paid you're all set. That date is yours. I'll send through our styling guide and you can ask me any questions you'd like about colours etc.

03 YOUR SESSION

Most of our sessions run for an hour at the location we decide on. I'll let you know the time to be there based on when the sun sets that day. I'll help you pose and we'll have some fun.

04 RECIEVE YOUR PHOTOGRAPHS

You'll receive your full gallery online to choose your final images from. You choose your favourites, I'll add final touches and then they'll be ready for you to download in high resolution. You can upgrade to the full gallery, just ask me how :)

What each session includes

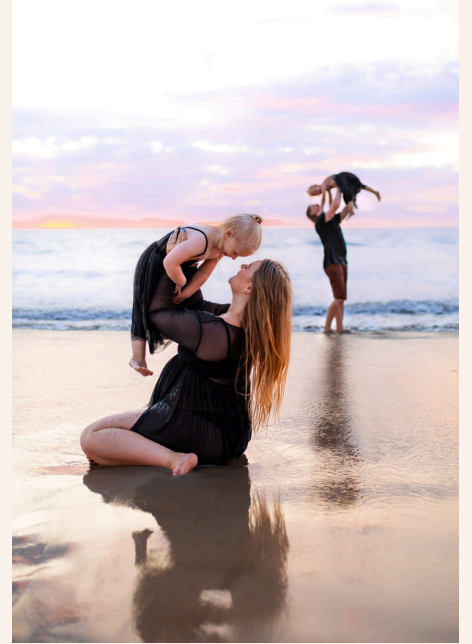

All sessions include a styling guide and any prior help you may need from me in regards to location and clothing choices.

If you have seen a Pinterest image you really want to recreate or have a board which shows the vibe you're going for, send it my way!

I keep this session fun and engaging for your children, capturing all the beautiful candid moments and some more heartfelt poses. All perfect for framing!

You can let me know your favourite music to listen to with your family if you like. Anything from Fleetwood Mac (like my childhood) to movie soundtracks (extra points for Shrek or Peter Pan) or Lenny Pearce.

I'll make sure to get all the family member combinations you'd like. Some just of Mum and Dad and some just of the kids etc.

Our Family/Engagement shoot was perfect, the vibe Rachel and Cian gave off was just amazing they knew exactly what to do and what to ask of us nothing was to much and every shot was taken with dedication (Cian was in the water taking photos)

Our Daughter is usually very shy with new people but she warmed right up to them which made everything so much easier!

The shoot was Fun, full of love and laughter!

When we were given the photos we were absolutely blown away they are just stunning!

Captured Soulfully is highly recommended by us. We look forward to you guys doing our future shoots and our wedding!

Thank you!!

FAQ's

Where are you based and do you travel?

We're based in Serpentine and have some very cool locations local to us. Though we do travel up to 40km for a shoot at no extra cost. We're happy to shoot in your home at any time of day or your favourite location close to you. Location is something we can have a chat about if you're unsure.

What if the weather is bad?

If it is forecast for strong winds or rains on your session day we may need to reschedule. If this is the case we will rebook for another day which suits both your family and our availability. Just a little bit of rain isn't terrible and can make for some really beautiful, impactful photos. Stormy skies often photograph with the best colours. So don't let changing conditions put you off. Though if it is very bad we will most definitely reschedule.

How long is your turnaround time?

Most galleries will be ready within a few days to one week however we guarantee no later than three weeks from the day of your shoot.

Do you photoshop our photos?

We will make minor adjustments if need be - like removing background / distracting items that are noticeably out of place. Though we like to keep things as natural and real life as possible!

FAQ's

How do we receive our photos?

After the images have been edited and uploaded you will receive an email with all of the details of how to access your online image gallery. You will be sent a full watermarked gallery for you and your family to choose your images from. You can then choose the images supplied as part of your session and also have the option to purchase additional images from your shoot. Once you've chosen your favourites, I will retouch and remove the watermark for you to download. If you would like us to provide high quality prints, we can definitely do that! Just ask and we can send through pricing.

Is our gallery private?

Yes. Unless specified, only the chosen cover image of your online gallery is visible to the public. Your gallery can only be viewed by entering the client password that will be provided to you in an email. This can be shared with anyone you like.

What if we need to cancel or reschedule?

When booking your session a 50% deposit is required to secure your date. In today's hustle & bustle, we understand that other obligations may have to take priority. Non-refundable payments can be transferred in credit to another person. The deposit is non-refundable once paid. The remaining balance is due at least one week from your session date. The total value becomes non-refundable 72hrs from the scheduled date. Rescheduling incurs no fee up until 72hrs from the session date. If rescheduling is required 72hrs or less from the session date, a second deposit will need to be paid.
